

# ....a true paradise for first class high alpine hiking

# Sulden/Solda all'Ortles

Ride the biggest cable car in the world (consisting of 4 cabins, each for 110 people) up to the mountain restaurant:

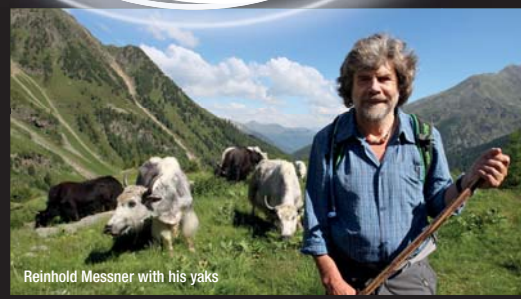

- > A starting point for climbing Ortler, Königsspitze, Zebrù, Cevedale or Suldenspitze...but also for the Hintergrat, Tabaretta or Payer alpine hut.
- > Tip: Families can hike comfortably from the summit station to the Madritsch Hut (approx. 45 min.). With a little bit of luck, you can see Reinhold Messner's yaks, which in summer graze in the high meadows of the Madritsch area.
- > Furthermore, the two chairlifts Kanzel and Langenstein take you to the mountain restaurants!
